

DEPARTMENT OF PLANNING AND BUILDING

Promoting the wise use of land – Helping to build great communities

DATE: September 4, 2015
TO: Ryan Foster, Planning Department Hearing Officer
FROM: Airlin M. Singewald, Senior Planner
SUBJECT: DRC2015-00011 Verizon (Dorset Ave.) MUP for a Wireless Facility

Staff recommends that this item be continued to October 2, 2015.

A continuance is required because the September 4, 2015 PDH agenda shows this project as a “consent” item, but it should be on the agenda as a “hearing” item since a hearing was requested. The continuance will allow for this project to be correctly agendized as a hearing item on October 2, 2015.
